and NSD File No. L-00-72.

Dear FCC:

I pay very high rates compared to cell phone users cause I don't want a monthly bill I feel its unfair to add any more fees to my service you can only expect us to pay so much if the fees keep going up I'll just cancell my service then you will get zero. I only used 60 minutes in 11 months I use it for emergancies only. I like the piece of mind knowing if I have a problem I can get help when I'm out ALONE in my car.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
